Limits of Services

Emergency Roadside Assistance is intended to assist members whose vehicles are disabled by providing a toll-free Emergency Dispatch Service number to get help sent to them. This service may not be used as a substitute for regular maintenance necessary to keep a truck or trailer in good condition. **Excessive claims may result in non-renewal or cancellation of your membership.** The service does not include disablement from accidents or crashes when the vehicle collides with anything that causes damage including other vehicles, telephone poles, buildings or trees, or in which the driver loses control of the vehicle and damages it in some other way, such as driving into a ditch or rolling over. Emergency Roadside Assistance is limited to 1 disablement per 72hrs.

Dispatch Service

Auto Knight Motor Club provides Emergency Roadside Assistance through independent contractors for the convenience of its members. If you need emergency roadside assistance anywhere in the continental U.S., Alaska, Hawaii, Puerto Rico and Canada, simply call 1-800-451-0459. This number can be reached 24 hours a day, 7 days a week. We will arrange to dispatch a service vehicle for you while you are on the phone. When you call for dispatch service, be prepared to give the customer service representative the following information:

- Name and membership number.
- Truck description and VIN number.
- Exact location of the vehicle if known (street address, mile markers, etc.)
- Nature of the trouble (flat tire, won't start, etc.).
- Phone number you are calling from.

We will contact the nearest participating towing facility and then tell you the estimated time of arrival. In some areas there may not be an available contractor. In this case, once the Auto Knight Dispatcher has issued you an authorization number, you will have to contact a facility and we will reimburse you. The authorization number is required to be eligible for reimbursement. Service provider's policy requires that you or another authorized person be with the vehicle in order to receive service.

Please cancel your request for service immediately if it is no longer needed by calling us back at 1-800-451-0459. When the service vehicle arrives present your membership card. The service provider may ask for your driver's license for additional identification. After service is complete, verify the information on the call slip provided by the service provider and sign it. Auto Knight will pay the service facility directly for any covered dispatch charges. You will be responsible for paying the service facility for any charges not covered. We have made every effort to ensure that Auto Knight emergency roadside assistance can function under all conditions. However, during extreme weather conditions, there may be some delay before help can reach you. When such situations exist, we ask you to please be patient. Of course, in some areas there may not be an available contractor. In this case, once the Auto Knight issues you an authorization number, you will have to contact a facility and we will reimburse you. Auto Knight will not accept responsibility for repairs or the availability, delivery or installation of parts. All parts used and services provided to you by the contractor must be authorized and paid for by you. Important: Since all Authorized Service Providers are independent contractors and not agents or employees of the Auto Knight Motor Club, Auto Knight can assume no liability for any damage to your vehicle resulting from the rendering of service or for personal items left in the vehicle. Any claims for personal injury or damage to the property of a member must be filed against the servicing facility.
